NUMBER 163.

## ROUNDED UP ALL CONCERNED

Commission Wants Stoessel Shot and Other Officers Punished

St. Petersburg, July 19.—The commission which inquired into the surrender of Port Arthur to the Japanese proposes that General Stoessel, commander, be sentenced to death and that General Fock, a member of Stoessel's staff, who urged the surrender, be condemned to twenty years' confinement in the galleys. The commission considers that General Rouss should be expelled from the army, and that Admiral Alexieff, former viceroy in the east, should be reprimanded.

Warsaw, July 19.—The agrarian strike continues to spread and now extends over several governments where the harvest is threatened with destruction, the land owners refusing to grant demands. Twenty government spirit stores have been destroyed by revolutionaries. At Khorovka eighty peasants were killed by dragons, while the peasants were holding a peaceful meeting.

St. Petersburg, July 19.—If the Douma manifesto to the peasantry is issued the Czar will order the Douma to be closed. Barriades adjoining the Taurida palace, where the Douma meets, are filled with picked troops.

### CROP REPORT.

(Special to the Bulletin.)

Chipman, July 20.—Crops here are looking fine. There was a light shower this morning, just enough to improve the growing condition. Nearly all the wheat is headed out and in a good healthy condition.

## EDMONTON TEAM WERE SECOND

Yesterday's Events at the Territorial Rifle Association Matches

Calgary, July 19.—At the T. R. A. meet on Thursday, the Calgary Brewery match, 10 rounds at 600 and 900 yards, was won by J. Reid, of Red Deer Association, with a score of 86 points, J. Carmichael, Edmonton, third, with 83, and W. Pearce, Edmonton, fifth, with 81 points. Reid, Weeks and Bissett, of Edmonton, also appear in the prize list. The team match (four men) was won by the team captained by R. W. Fox, Calgary, with 307 points. The Edmonton team, captained by G. A. Reid, and composed of Reid, Carmichael, Pearce and Bissett, who had put on the highest scores of the Edmonton competition in a similar match on Wednesday, were a close second, with 306 points, while the Little Red Deer team, captained by R. D. Olway, took third place with 303 points, making a very close run for all concerned.

The Grand Aggregate match was shot in the afternoon, but the returns for this will not be available until tomorrow. The weather is fine and warm with fresh variable winds, keeping the weather men busy guessing.

### GRAIN PRICES.

(Special to the Bulletin.)

Winnipeg, July 20.—No. 1 northern 80, No. 2 77½, No. 3 74½, No. 2 white oats 33½, No. 3 barley 41½, No. 1 flax 10.04.

## CAPTAIN SAVED MANY LIVES

Passenger Boats Collided in Fog in New York Harbor

New York, July 19.—The lives of seventeen hundred were in grave danger tonight and panic reigned among hundreds of women and children when the Coney Island excursion steamer Perseus, with eleven hundred on board, and the Long Branch steamer Patten, with six hundred passengers, collided in a fog near the Narrows. The Patten rammed eight feet into the hull of the Perseus and only the presence of mind of Captain Hobbs, of the Patten, who kept his engines going full speed, thus plugging the hole, avoided a frightful catastrophe. Distress signals of both boats quickly brought assistance and all were safely rescued. The impact threw the people in heaps and several received broken ribs and painful injuries.

### NEW ORANGE OFFICERS.

(Special to the Bulletin.)

Toronto, July 18.—The Imperial Grand Orange Council of the World today elected the following officers: Past grand president, Rort. Burns Toronto; president, Dr. T. S. Sproule, M.P.; first vice, W. J. Heine, Moncton, N.D.; director of ceremonies, T. G. Noble, Manitoba; assistant secretary, James Davidson, Dublin. The next meeting of the council will be held in Liverpool.

### HIDDEN WEALTH

New York, July 19.—Annie Wehnig an employee in the Wellsville steam laundry, discovered \$1549 in the washing of a wealthy family of this city. The money was pinned to the undergarment of a society woman, who had not missed it.

### BRANDON STABLE BURNED

(Special to the Bulletin.)

Brandon, July 19.—This morning's fire destroyed the large stable of the Halbury Mfg. Co. A number of horses were in the barn at the time, but were removed. Harness, hay and other feed was destroyed. Loss, \$3,000 covered by insurance.

### MORSE COMING WEST

(Special to the Bulletin.)

Montreal, July 19.—Frank W. Morse, manager of the G. T. P. railway, left for Winnipeg via Chicago. At Winnipeg he will be joined by engineers of the road, and other officials and will supervise the work of construction.

### MORE EXPERIMENTAL FARMS

(Special to the Bulletin.)

Ottawa, July 19.—The Dominion Government will establish two branch experimental farms in the Northwest, one in Lethbridge, the other at Lacombe, and another station will be located on Vancouver Island.

## COAL SITUATION AS DEALERS SEE IT

Regarded as Discrimination Against an Important Industry

Considerable criticism is being indulged in against the action of the city commissioners in importing Bankhead coal for the power house. It is regarded by many as a discrimination against local dealers and calculated to give no good advertisement to the Edmonton coal industry.

With relation to the alleged stringency in the market last week and the implication that a combine existed among the local dealers the Bulletin made some inquiry.

Mr. Montgomery of the Edmonton Coal Co., said that so far as their company was concerned there was no combine, no attempt to boycott the city in supplying coal. The truth was that they had so many orders on file waiting to be filled that unless they secured the contract they could not afford to ignore their present customers and injure their trade by engaging temporarily to supply a part of the city's coal supply.

Mr. Hobson, of the City Coal Co. considered the action of the commissioners as detrimental to Edmonton and discrimination against an important industry. He declared there was no need to go outside the city and that his company were able to produce at the power house within twenty-four hours as much as 300 tons of coal. The company could have done that to relieve the stringency.

Mr. Fraser of Fraser and Freeman said he did not know of any attempt to combine among local dealers. He had been asked by the city to furnish coal, but he could not do so without injuring his private trade. He had plenty of coal at the time but it would have required an additional outlay for conveyance to the power house that a temporary contract would not warrant. The firm had done its share in supplying the City's Coal Co., which had the contract.

## FINAL PAYMENTS MADE BY G.T.P.

Last Money Paid for Property North of City, the Deal for Which Was Closed on June 23

The final payment of purchase money by the Grand Trunk Pacific for the quarter sections north of the city for yards and shops, the closing of the deal for which was announced in the Bulletin of June 29th, was made this week to the Western Realty Co. The property included in the deal contains 640 acres, the northwest quarter of 16, the northwest and northeast quarters of 17, and the northwest quarter of 18. The final payment on the northeast quarter of 17, 120 acres of which is in the name of H. J. Hellmuth, and 40 acres of which is in the name of Major Belcher has not yet been made. The 480 acres known as the McKay property, the McEachern property and the McPherson property respectively, have been paid for, the total price being \$114,000.

The property is one half mile north of the city limits, and two and one-half miles directly north of Jasper avenue.

## LACOMBE FAIR YESTERDAY

Premier Rutherford Opened the Celebration. Good Racing Events

The thirteenth annual fair held at Lacombe, was opened yesterday by Premier Rutherford.

Among the other guests of the directors were Senator Talbot, W. P. Puffer, M.P.P., Fletcher Bredin, M. P. P., and William Burris, mayor of Lacombe.

Mr. Bredin gave some interesting reminiscences of the early days of Lacombe. He was one of the exhibitors at the first fair twelve years ago, when he lived at Buffalo Lake.

The principal features of the day were the horse racing events and the baseball matches.

The 2.40 trot was won by Gold Dollar, with Dr. Sloan, and Romeo Prince second and third. Time 2.49.

Half mile running race—First Pink Marsh; second, Young Pepper; third, O'Day. Time 52.

Green trot, half mile—First, Onie; second, C. C. Time 1.24.

Mile dash—First, Hutch Millar; second, Mary L.; third, Lord Falconer. Time 1.49.

In the baseball, Blackfalds and Fairview were matched for the first game, Stettler and Tees for the second, Fairview and Tees won, and will play the finals today.

Stock judging commences today.

—Mr. G. W. Dawson, inspector of penitentiaries for Canada, is in the city arranging for the opening of the new penitentiary here. The building will be ready for occupation by August 1st, and on August 2nd a contingent of twenty-four prisoners will arrive from Stony Mountain penitentiary to take up their abode in the new building under the supervision of Warden McCauley.

## LIVELY TIME IN COUNCIL

Winnipeg Mayor and Aldermen Have a Vigorous Exchange of Virtues

Winnipeg, June 29.—The now famous Scirus agreement signed by twelve aldermen and produced by Ald. Sandison at the civic committee meeting yesterday evening caused a storm which nearly ended in blows between Ald. McArthur and Mayor Sharpe.

Ald. Sandison, when he produced the paper began to read out the names appearing on the circus document rebelling \$700 from the Ringling circus and got as far as Ald. McArthur's name when he was interrupted by that councilman who declared that he had not signed the letter. "I'll produce the original," said Mayor Sharpe, and did so. "That doesn't make any difference," said Alderman McArthur, "I did not sign it."

"That's a lie," said the mayor, "I'll bet \$1,000 to every \$1,000 you can put out that this is your signature." "It's not, it's not," cried Ald. McArthur. "You're a mean, low bound," said the mayor. "You're not a man or half a man. When you go back on your signature you'd go back on anything."

Ald. Lattimer interrupted at this point claiming that Mayor Sharpe's language was too strong and railing that the discussion was out of order, with Alderman McArthur still protesting that he had not signed.

Ottawa, July 2, 1906.

Newspapers inserting this advertisement without authority from the Department will not be paid for it.

**SEALED TENDERS** addressed to the undersigned, and endorsed "Tender for Post Office, Fernie, B.C." will be received at this office until Saturday, August 4, 1906, inclusively, for the construction of a Post Office, etc., building at Fernie, B.C.

Plans and specification can be seen and forms of tender obtained at this Department and on application to Robert A. Kerr, Esq., Clerk of Works, Fernie, B.C.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures. Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the party tendering declines to enter into a contract when called upon to do so, or if he fails to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,  
**FRED. GELINAS,**  
Secretary,  
Department of Public Works,  
Ottawa, July 12, 1906.

Strathcona Plaindealer — Mr. Alex Cameron returned last week from a trip to the Yellow Head Pass. He stated that on the return trip he met about 60 men with 300 pack horses, survey parties heading for the pass.

Melrose Gazette: The Gazette is in receipt of a copy of "The Last West," a booklet issued by the Edmonton Board of Trade and printed by the Edmonton Bulletin, for the purpose of giving information to intending settlers and others interested in Northern Alberta. It is a remarkably fine production and reflects great credit on the enterprise of the Edmonton Board of Trade and the persons responsible for its production. It is certainly the best work of the kind we have ever published in the west. A glance through its illustrations makes an old timer surprised at the evidence of progress in the Alberta Capital. It is now nineteen years ago we were in Edmonton, and it is needless to say that the illustrations suggest the possibility of our not recognizing the place.

Strathcona Plaindealer: On Saturday last the Strathcona branch of the Alberta Farmers' Association held their regular meeting in the council chamber here. There was a good attendance. It was announced that the car of twine (24,000 rounds) ordered for the use of members of the association has already arrived and is ready for delivery.

Saskatoon Phoenix: The C. N. R. has decided to cut two more 2-man shovels at work on the Battleford division this week in order to hurry the work of ballasting and to have the line put in first class shape for fall traffic.

## CANADIAN VESSELS AND THE CANADIAN GRAIN TRADE

Two articles from the Montreal Witness, which were reproduced in the Bulletin yesterday deserve more than passing notice. The incidents related look very suspiciously like discrimination on the part of Canadian vessel owners against the Canadian grain trade. According to the Witness one vessel of the Dominion Marine Association carried a load of grain from Fort William to Buffalo for a quarter of a cent per bushel less than the Association's rates for grain from Fort William to the Canadian ports on Georgian Bay. The other instance is of a Canadian vessel carrying a load of wheat from Duluth to Montreal, for 10¢ per bushel while the rate charged from Fort William to Montreal was 6¢ per bushel.

Under the coasting laws American vessels are not allowed to carry grain from one Canadian port to another, but are allowed to carry grain from a Canadian port to an American port or from an American port to a port in the Dominion. By this law the carriage of grain between Canadian ports is preserved exclusively to the Canadian vessels, but in carrying grain from a Canadian to an American port or vice versa the Canadian ships are brought into competition with American vessels. If the incidents recounted by the Witness are correct, the Canadian vessel owners appear to have been using the coastwise laws as a shelter behind which to levy on the Canadian grain trade a heavier rate than they could secure in traffic open to competition. This matter will doubtless receive consideration by the commission appointed by the Government to investigate the grain trade of Canada.

## THE SOUTH AFRICAN TROUBLE

The press reports continue to sound occasional unpleasant notes from South Africa betokening a condition of affairs which may add a racial war to the ever plentiful supply of trouble in the southern half of the dark continent. Realism among the natives and apprehension among the whites appears to be about the normal condition of life general throughout the various colonies and at present these unsatisfactory moods appear exaggerated to a dangerous degree. In Natal the colonial troops are fighting to suppress a rebellion among the Zulus and in the earlier stages of the campaign did not meet with the unjustified success which alone could maintain undisturbed the native belief in the supremacy of the whites. It was doubtless exaggerated rumors of the early successes of the rising in Natal which fanned the dissatisfaction of the natives in the Transvaal into open signs of racial antagonism and revived in the apprehension of the white residents of that colony the oft rumored likelihood of a general rising of the natives to expel the foreign population from all the colonies.

Rightly or wrongly the report has been received that the real fomenters of the discontent throughout the colonies generally are the preachers of the native church and that this organization so far from being devoted

to the spiritual welfare of its adherents systematically inculcates the temporal doctrine of "Africa for the Africans" and interprets the latter term as including only those of native lineage. Whether or not the charge is true, it is apparently believed to be true by many of the white residents of the Transvaal and this belief is not likely to lessen their apprehension. Should the charge be true the outcome may very well fulfil those apprehensions. A political maxim which is instilled as a matter of religious duty begets fanaticism and the fanatic is far more likely to regard only the materialistic injunction than to observe any moral or ethical doctrine by which the church may seek to temper his course in carrying out that injunction. If the temporal doctrine which the native church is charged with teaching is taught either with the wrong interpretation or without the proper interpretation the follower of that church is pretty apt to wrongly interpret the phrase, in which case the race war forecasted in the despatches may easily become a terrible reality.

Whatever temporary measures may be necessary to restore or maintain order and the security of life and property in South Africa, the race problem neither in Africa nor elsewhere can be permanently or justly settled by reliance upon military force. Nor would so-called responsible government solve the problem for responsible government is possible only where the individuals who govern themselves understand and observe responsibility. If the dissatisfaction of the African natives is due to the teaching of a false doctrine or to the false teaching of a doctrine that dissatisfaction can be permanently removed only by neutralizing such teaching with instruction along proper lines. The permanent peace of South Africa will only be secured when its native races understand that the motto "Africa for the Africans" is capable of a much broader interpretation than has been given it and that it can be accomplished not by the sword but only by the ploughshare.

## NEWS FROM THE LANDING

(Special to the Bulletin)  
Athabasca Landing, July 20.—Colin Fraser and family, of Chipewyan, arrived here by steamer last night on their way to Edmonton.

Reports from McMurray state that the Bennett Oil prospecting party are having very good luck so far and that that prospects could hardly be better.

John Fraser, who has been superintending the construction of the Government ferry at this place, left by stage for Edmonton this morning.

## CANADA'S INVITATION

(Special to the Bulletin)  
London, July 19.—In joining the universal regret at the inability of the King to accept the Canadian invitation, the evening papers note with pleasure the possibility of his ultimately doing so. The Globe says that in the meantime the invitation has been a splendid tribute to the underlying solidarity of the British empire. The Fall Mail Gazette says, the desire evidenced in Canada must have given the greatest pleasure to His Majesty.

PLANS FOR CHANNEL TUNNEL  
(Special to the Bulletin)  
London, July 19.—Sir Douglas Fox, past president of the Institute of Civil Engineers, has been invited to prepare plans for a channel tunnel. Parliamentary sanction for the scheme will be sought next session.

## A FATAL MISTAKE

(Special to the Bulletin)  
South Berwick, Maine, July 19.—The unnecessary setting of a danger signal against a freight train at the local station of the Boston and Maine railroad was followed today by the discovery that Lawrence Fairfield, night operator, was dead at his post. A revolver was clutched in his right hand and there was a bullet wound in his head.

## BOARD OF TRADE MET YESTERDAY

### Discussed Many Matters of Interest to the City and District

President Cushing presided at the meeting of the board of trade in the council chamber yesterday afternoon.

Secretary Pister read a communication from the city council dealing with the acquisition of a suitable area for the location of factory sites.

The matter was referred to the New Industries committee, which is co-operating with the city council. The board strongly approved any action in this respect.

Several new members were nominated and elected to the board.

A letter from Mr. Peters of the C. P.R. acknowledged the letter of appreciation of the board for the company's action in equalizing the south bound freight rates on the C. & E. with those northward and further stated that the company was contemplating some reduction in rates from the Orient and in dried fruits from California, and were in communication with their agent. With respect to the reduction of rates from terminals in B.C. to the interior, the company has decided to take no action until the complaint of the Vancouver wholesale houses which covers the whole question is decided by the railway commission.

Mr. Dowsett reported serious trouble in shipping over the C. & E. It took from two to three weeks in getting shipments through to Wetsaskwin, 40 miles.

The matter has been in the hands of Secretary Fisher who regretted the railway authorities had done little to ameliorate conditions.

Shipments from Ross Bros sent the 22nd of June had not reached Leduc on July 12th.

Mr. Short moved that if the complaint was not remedied in reasonable time the secretary should prepare a statement of the case for the consideration of the railway commission.

The feeling seemed to prevail that there is a determined attempt by the C.P.R. to hold up the wholesale trade of this city and that the matter should be laid before the commissioners at once. Merchants were losing trade every day. When shippers ask where their goods are detained at any time the C.P.R. does not seem to know or care why or where the shipments are delayed.

The meeting instructed the transportation committee to prepare a formal complaint and forward it at once to the railway commission.

The board next discussed at considerable length the mail service on the C. N. R. In this connection a letter from H. Frank Oliver was submitted to the effect that Edmonton's member had laid the question of better mail facilities before the Postmaster General and was able to inform the secretary of the Board of Trade that the department had placed a mail clerk on the line east from Edmonton and every attempt was being made to organize and establish a satisfactory service.

Representations will be made to the Post Office Department asking that post offices be opened along the C.N.R. and mail be put off at each station on the east bound trip. The same improvements will be asked for on all the C.P.R. branches of the C. & E.

Another question which was briefly considered was that of trade with Japan. The secretary read a letter from Mr. Nouse, Consul General of Japan in Canada in which he regretted his inability to accept the invitation of the Edmonton Board of Trade to come to this city and discuss the possibilities of Canadian trade in Japan. With his letter he included a report.

Mr. Dowsett brought up the question of securing the official headquarters of the C.N.R. system west of Winnipeg, explaining the advantages that would follow such a course.

The closure of streets by the railway systems was discussed and it was decided to give the council all the support possible in securing the city's rights.

A committee consisting of Messrs. Nairn, Marshall, Campbell and Fisher was named to make arrangements for the entertainment of the Washington correspondents who will arrive here next Saturday afternoon.

Probably no other one article of furniture will lend such refined elegance to a beautiful home as a mantel selected to harmonize with the interior finish.

Appreciating the refined taste of the Edmonton public, Messrs. Gorman & Clancy are importing a carload of hardwood mantels in all the latest designs and styles of finish, from the stately polished oak for the parlor, and the elegant French mirror for the boudoir, to the beautiful "mission" style for the drawing room and library, and still others of the cottage style.

Those whose houses are lacking in this essential as well as those contemplating building should lose no time in consulting their dealer and architect with reference to an early selection of exclusive designs.

### SOCIALIST PROPAGANDA

(Special to the Bulletin) London, July 18.—Socialists and trade unionists assert that Keir Hardie's proposal adopted at the session of the socialist interparliamentary conference of fusing this organization with the labor unions of the world, brings into being a political force destined to wrest governmental control from the hands of existing parties in every country where it is tried. Those in attendance include nearly all the famous European socialists. The committee today adopted a resolution providing that wherever international danger threatens, both the committee and the international socialist bureau will meet simultaneously with a view to urging measures for peace.

### LUMBERMEN CONVENE

(Special to the Bulletin) Prince Albert, Sask., July 18.—The spruce lumber manufacturers of the West met in convention here today. The object of the meeting was to arrange to have all mills grade lumber alike and to have a uniform cut. These matters were discussed but no decision was reached.

### WILL SEND THEM BACK

Chicago, July 18.—Judge Bethes heard this afternoon the story of Truman Hunt and the band of Igorrotes now on exhibition here. Hunt argued against the charges of the war department and said that his proteges preferred American dollars to aboriginal life. After hearing the arguments the judge sharply denounced the practice of exhibiting human beings for the purposes described and ordered that they be sent back at the expense of the government.

The embezzlement charges will be looked into by a commissioner. Hunt brought to this country a band of fifty Igorrotes from the Philippines and after using them for exhibition purposes, all over the United States and Canada, he is alleged to have abandoned them to shift for themselves.

Acting under instructions from the war department, Hunt was formally charged by the authorities with withholding from the "dog eaters" for fifteen months their salaries, which he agreed to pay in a formal contract and also with embezzling from his charges money they made by selling souvenirs. Hunt was at one time governor of the Igorrotes district.

### WINNIPEG TERMINAL SETTLED

(Special to the Bulletin) Ottawa, July 18.—Owing to the securities which have been issued upon the Canadian Northern new terminal facilities in Winnipeg, it is impossible for the National Transcontinental Railway commission to acquire a satisfactory title for this property which it is desired to utilize for the Grand Trunk Pacific. An agreement has accordingly been reached, whereby the Winnipeg terminals will be owned jointly by the Government and by the Canadian Northern and will be used jointly by the latter and by the new transcontinental system.

## Sports

## Calgary vs. Edmonton

The cow-boy nine in white from the south country will arrive in the capital on this afternoon's train. They are billed for three games with the capitals. One this evening, one tomorrow afternoon and one Monday evening. They will bring along their best team and it will be no slow exhibition that will be put up on the diamond at Second street grounds.

The game this evening will commence at 6.30 sharp. Admission, two bits at the gate, two bits at the grand stand.

## NOT GUILTY

Regarding the statement made in the Bulletin on Monday that through some mistake the Strathcona lacrosse team had carried off some of Edmonton's sticks, the Strathcona Plaindealer says:—The captain of the Strathcona lacrosse club informs us that there is no truth in the above statement. They did not take away, either by mistake or otherwise, any sticks but their own. It would have been better in the interest of friendly relations if the management of the Capitals had investigated the cause of the Capitals' loss further before giving publicity to such a statement as they authorized in the Bulletin.

## CRICKET ON SATURDAY

The second game between Edmonton (Oahner Cup) team and Strathcona will be played on Saturday afternoon. Bus will leave the Windsor at 1.45. The following will be the Edmonton team: H. R. Mountfield, O. L. Boyes, E. Slocock, W. Richardson, Rev. H. Wilkinson, J. B. Wood, F. dePass, G. P. Berlan Shaw, A. H. Jones, Capt. Worsley, G. H. Adams.

## ENLARGING THE DOCKS.

Fort William, July 18.—Preparations have been commenced for the beginning of construction on a \$55,000 addition to be made to the hard coal department of the C.P.R. coal docks. One hundred men will be engaged on the work and a portion of the structure will be completed by the time the fall rush of anthracite to this port begins.

## SKELETON FOUND.

(Special to the Bulletin.)  
Fort William, July 18.—Word was received here today that the skeleton of a man has been found near the C. P. R. main line, a few miles west of Buda. The gruesome discovery was made by railway brakemen. No particulars have that the remains were partly covered with sand, have been learned, here. The coroner left for the scene.

Two foreigners were engaged in a stabbing affray last night, two miles north of Osa. One is not expected to live. Both men were engaged in railway construction work. The assailant has been placed under arrest and will be brought here.

## GRAIN PRICES

(Special to the Bulletin.)

Winnipeg, July 19.—No. 1 northern 80; No. 2, 77 3/4; No. 2 white oats, 53 1/2; No. 3 barley 41 1/2; No. 1 flax 1.04.

Another optimistic report has been issued by the C.P.R. which shows that grain is coming along in splendid shape and the prospects are as bright as ever for an abundant yield. Fifty per cent of the crop is headed out and the outlook is for an early harvest. One point of the Estevan branch reported a severe hail storm which destroyed seven hundred acres but the general weather conditions prevailing have been excellent.

Sheriff's Sale  
Northwest Territories

To wit:

By virtue of a writ of execution issued out of the Supreme Court of the Northwest Territories, Northern Alberta Judicial District at the suit of D. S. Perrin & Co. and others, plaintiffs, and A. Davies, defendant, and to me directed against the lands of A. Davies, I have seized and taken into execution the following lands, namely:

(1) All that portion of River Lot Eleven (11) of the Edmonton settlement in the said District and Territories, described as follows: Commencing at a point in the Western boundary of the said River Lot distant five hundred and ninety-five and one-half (595 1/2) feet South from the North-west corner of said River Lot; thence south forty-nine and one-half (49 1/2) feet; thence East one hundred and twenty-eight and one-half (128 1/2) feet; thence North forty-nine and one-half (49 1/2) feet; thence West one hundred and twenty-eight and one-half (128 1/2) feet to the point of commencement.

(2) of numbered ten (10) in block numbered Ninety-three (93) as shown on plan (17) Strathcona.

(3) Lot numbered four (4) in block numbered Fifty (50) as shown on plan One (1) according to a plan of South Edmonton (now Strathcona).

(4) Lots numbered Seven (7) and Eight (8) in Block numbered Forty-three (43) according to plan of South Edmonton (now Strathcona).

(5) Lots numbered Three (3) and (4) in Block numbered Forty-three (43) according to plan "I" of South Edmonton (now Strathcona).

(6) One acre of River Lot Seven (7) more particularly described in Certificate of Title No. 247 12.

(7) Lot numbered Twenty-one (21) and Twenty-two (22) in Block numbered Eighty-one (81) according to a plan of South Edmonton (now Strathcona) which is registered as plan 13.

(8) Lots numbered Nineteen (19) and Twenty (20) in Block numbered Eighty-one (81) according to a plan of Strathcona which plan is registered as Plan 13.

(9) Lot numbered Eighteen (18) in Block numbered Fifty-seven (57) according to a plan of Strathcona, which said plan is registered as plan "I" certificate 243 12.

(10) Lot numbered Thirty-eight (38) in Block Thirty-nine (39) according to a plan of Strathcona registered as Plan XI, which said mortgage was duly registered in the Land Titles Office for the North Alberta Land Registration District at 11.55 a.m. on the 23rd day of January, 1904, number 2927, Book 1, Folio 180. Abstracts showing conditions of Titles will be produced at the sale.

Which I shall expose for sale on Saturday, the 22nd day of September, at Sheriff's Office, Edmonton, at the hour of 2 p.m.

The following are the reports issued by the Department of Agriculture concerning crop conditions in the various districts:

District No. 1—Cardston District.

(Area 2,872 Square Miles.)

Seeding was commenced in this district during the beginning of March and was completed about the first week in June. Since then the weather is reported as having been favourable to crops, with the exception that owing to the dry fall of 1905, some of the fall wheat was winter killed. Reports also indicate that while the winter wheat sown in July and August germinated, that sown later did not come up. Cutworms have done much damage, but while some farmers in this district have been discouraged, others who are very optimistic with regard to its success, have prepared a large area for winter wheat. The copious rainfall in this district during May and June has assured an abundance of prairie hay.

District No. 2—Claresholm, Macleod, Staveley and Pincher Creek District.

(Area 3,220 Square Miles.) Seeding commenced in this district on March 15th and was finished during the first week in June. Favourable growing weather has been reported with plenty of moisture. The general consensus of opinion expressed by crop correspondents in this district is, that the cause of some of the winter wheat being killed was the dry fall of 1905, while some attribute the failure to late sowing; that sown in July and August having withstood the winter. A considerable area of the winter wheat land was seeded with oats and barley which accounts for the late date at which seeding was completed in this district. Cutworms damaged some of the vegetable crops, but there are very few reports from this district of damage to grain crops by this pest.

District No. 3—Lethbridge, Raymond and Stirling District.

(Area 4,876 Square Miles.)

The lack of moisture in this district was felt until the middle of May, and on this account many new settlers were discouraged; but from the 10th of May there was an abundance of rain and the weather from that date has been entirely favourable to the crops. It is confidently expected that there will be higher average yields in this district than last year, but some of the winter wheat did not germinate owing to the lack of precipitation during the fall of 1905. Owing to the re-seeding of some of the winter wheat lands, seeding in this district was not finished until 11th June. No reports have been received of damage to grain crops from cutworms, but some damage was done to the vegetable crops by this pest. Some speltz has been sown and it is expected that it will do well.

District No. 4—Winton, High River, Nanton and Okotoks.

(Area 4,824 Square Miles.)

Seeding commenced in this district on March 25th and was finished during the last week in May. Favourable weather with plenty of rainfall was reported from about the 17th May, and an excellent crop of spring grain, which is more advanced than it was at the same date last year, is looked for. Winter wheat is reported to be mostly winter killed, but the general opinion is that it would have been a success had it been sown earlier. Cutworms are reported to have done very little damage, the damage reported being confined mostly to the vegetable crops. A small area in this district is also under speltz. District No. 5—Calgary, Crossfield and Gleichen District.

Seeding was completed in this district which is almost entirely given up to ranching, during the early part of June. Winter wheat is reported to be doing well and an average yield is expected. On the whole, oats are not doing quite so well as last year but a much larger area has been sown. Heavy rain-falls were reported from about the middle of May and crops are looking well, as the weather since seeding time has been entirely favourable to growth. An abundant crop of prairie hay is expected; some land has been sown to flax and speltz, and a large acreage prepared for winter wheat.

District No. 6—Medicine Hat District.

(Area 3,680 Square Miles.)

Seeding was commenced in this district which is almost entirely a ranching country, during the latter part of March. The seed bed was dry and there was very little growth until the middle of May when a very heavy rainfall was reported. Since that time the crops have done remarkably well. Some winter wheat, speltz and flax have been sown and are doing exceptionally well. A good crop of both tame and prairie hay is practically assured. There were no reports from this district of damage from cutworms.

District No. 7—Carstairs, Didsbury and Olds District.

(Area 6,822 Square Miles.)

Seeding in this district commenced early in March and was completed by the first week in June. Winter wheat which was sown early is looking well, but that sown late was partially winter killed. The spring grain is looking fine and promises good crops, the weather since the middle of May having been very favourable. Cutworms have done considerable damage to crops sown on late fall plowing and back-setting; especially to root crops. Wild hay promises a good crop but timothy will be a little light. Some speltz and flax have also been sown and an average crop is expected.

District No. 8—Bowden and Innisfail District.

Seeding in this district was general on April 1st, and completed by the second week in June. Spring crops are reported to be looking fine but on 30th June were 10 days later than last year. Owing however to the very favourable growing weather since the middle of May the crops will probably ripen just as early. From some parts come reports that the winter wheat crop is a complete failure, owing to late sowing and destruction by cutworms, but a much larger area was sown for this year's crop. The acreage sown in this district to speltz and flax is very small. Present conditions favor a much heavier and better crop of hay.

District No. 9—Red Deer District.

(Area 2,917 Square Miles.)

The very dry fall of 1905, scarcity of snowfall through the winter, the continued dry weather and high winds in the spring, proved disastrous to the winter wheat crop, a considerable quantity of which was a complete failure. Cutworms have also done considerable damage working great havoc on crops grown in summer fallow and breaking, also to vegetable gardens. Spring seeding commenced very early in April and was completed by June 10th, this late date being accounted for by the re-seeding of some of the wheat lands. From the 10th May the weather has been so favourable that it is confidently expected that the grain will ripen at as early a date as last year. There are prospects of an excellent hay crop, which some correspondents state will average two tons per acre. A small area has been seeded to flax and speltz which crops are up to the average.

District No. 10—Lacombe District.

(Area 2,412 Square Miles.)

In this district a greatly increased area has been sown to spring wheat, oats and barley. Seeding commenced in the latter part of March and was finished early in June. The early part of seeding time was too dry, but the weather from May 20th to the present date has been exceptionally favourable to the crops which in general are good and are now more advanced than at this date last year. Cutworms have done some damage to crops sown on breaking and summer fallow, their presence being attributed to the dryness of the ground in the early part of spring. The damage from this pest has not been so extensive in this district as it was last year. The growth of the winter wheat crop, which is small, was retarded owing to dry weather, but is now doing well. An increased acreage of tame hay has been sown and excellent crops from both this and prairie hay are anticipated. No reports were received with regard to speltz and flax except that only a few acres have been sown.

District No. 11—Ponoka District.

(Area 2,750 Square Miles.)

Not much winter wheat is sown in this district, but while the acreage has increased the crop is reported as not having wintered very well. Spring seeding commenced during the latter part of March and was completed early in June. Cutworms have done considerable damage, some of the land having been sown three times. An increased area under flax and speltz is reported, and the crops are considered to be better. The weather since the middle of May has been entirely favourable to growth and good crops are generally expected.

District No. 12—Wetaskiwin District.

(Area 2,520 Square Miles.)

Crop conditions in this district may be considered generally favourable although the dry weather which prevailed early in the season prevented early germination of seed. Since the first heavy rainfall in May the weather has been very favourable and crops are well advanced. Sowing commenced during the latter part of March and was completed early in June. Cutworms are reported to have done considerable damage which may affect the average yield. Although light frosts were reported during the beginning of May there was no resultant damage. Prospects of the wild hay crop are good owing to the copious rainfall during May and June. A small but increased acreage has also been sown to flax, speltz and winter wheat.

District No. 13—Vermillion District.

(Area 3,388 Square Miles.)

This district is becoming rapidly settled which partly accounts for the greatly increased acreage under crop. The weather since seeding time has been entirely favourable to crops which are generally looking better than at this time last year. Seeding was general during the beginning of April and was finished early in June. Cutworms have done some damage, which however, is confined more to the vegetable crops. No damage is reported through the light frosts in May. Present conditions are very promising for a splendid crop of wild hay. An increased area has also been sown to flax and speltz.

District No. 14—Fort Saskatchewan, Leduc and Strathcona District.

(Area 2,250 Square Miles.)

Seeding was general in this district by the 1st April but was not completed until about the middle of June owing to the re-seeding of lands on which the first crop had been destroyed by cutworms. Most of the hay sown by this pest was to vegetable gardens and to crops sown on breaking and summer fallow. Despite the dryness of the ground in the early part of spring a greatly increased area was sown to wheat and oats. Owing to the very favourable weather since seeding time, the crops are now generally earlier than on the same date in 1905. No reports were received of any large areas being sown to winter wheat, flax or speltz.

District No. 15—St. Albert and Stony Plain District.

Nearly the whole of this district is without railway facilities but in spite of this a large and increasing acreage is under crop. Seeding commenced during the latter part of March in cold dry weather and was completed early in June. Slight damage to crops was reported early in the spring from frost, but owing to the very favourable weather since the middle of May, the average yields will not be affected. Cutworms have done considerable damage to wheat crops in some parts but most of the land has been re-seeded to other grain. No reports were received from this district of any large areas being sown to speltz or flax.

The little scuttle shows how little fuel is needed by the Happy Thought compared with others.

Here's a chance to see the "reason why" a Happy Thought is the best cooking range before you buy it. The more heating surface, the less time required to do the cooking—and the less time the less fuel. The corrugated oven-lining is as quickly heated through as an ordinary flat lining and gives one-third more surface for radiating heat.

In burning wood, the little pile equals the big pile. If you use a Happy Thought.

When the eastern boundary of British Columbia is reached it will probably be too late to return by the same route. If so, the party will continue across country to Edmonton, and finally reach Victoria again via the C. P. R.

### CALGARY BALL TEAM ARRIVES

The Calgary ball team arrived last night from Wetaskiwin, and are stay-

ing at the Windsor. The team is in charge of Fred Johnston, and to judge by the names on the register, Edmonton will have a proposition. The teams play this evening on Second street grounds at 6:30, also tomorrow afternoon at 3 o'clock, and again on Monday.

### WHEN BARBERS PLAY BALL

The barbers' ball team met the bartenders' pine on Second street grounds last evening and in a highly exciting game of ball, gave them such a hair trimming as they never had before. The score at the finish stood 13 to 9 for the razor men. It was all day with the bartenders when they fell in to the clutches of the tonsorial artists. All the Irish they had in them was of no avail. The barbers shined, shaved, shingled and massaged them good and plenty and the wine clerks went home by the back streets.
